

2023 EARTH DAY RECYCLED FASHION SHOW CONTEST

DESIGN CRITERIA:

The focus of this competition is to raise awareness to choose to recycle or upcycling items that otherwise would be destined for the landfill.

RULES:

1. Designs must be made of at least 50% recycled materials or reused/repurposed items that otherwise would end up in our landfills. Please make sure that materials used in fashion pieces are safe to yourself and the public. Do not purchase or use new items. Do not use glass or glitter.
2. Recycled fabric may only be used as a lining that does not show. The usage of new material should not overpower your total garment. Footwear made from recyclable material is preferred; however, street shoes are acceptable. Shoes must be safe to walk in.
3. Designers may use materials for construction such as glue, tape, dyes, markers, thread, zippers, elastic, wire, string, Velcro, boning, buckram, grommets, laces, starch, paint etc. No food wastes.
4. All entries must be a complete outfit.
5. Garments must be constructed well enough to fit the model and hold together for the stage show. (Models are strongly encouraged to wear comfortable clothes underneath recycled garments).
6. Designs cannot be suggestive in design or expose areas of the body usually covered by clothing in a multi-age environment. Appropriate underclothing is also required
7. Accessories may be made of recyclable materials as well but not required.
8. Submissions must be original and must be the work of the submitting Participant.

ENTRY INFORMATION:

All entries must have an application packet submitted. Application packets can be found at (www.kingsvilletexas.com/recycled-fashion-show/), emailed, or picked up at the Kingsville Visitors Center. All entries must be approved by the Earth Day Recycled Fashion Competition.
